**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We use Sonic fiber for faster speeds at a better rate. Our only other option is Comcast that caps our usage and charges way too much. I rely on fast fiber for my at home business. We were previously connected with Comcast that would drop out often leaving us without internet or having to reboot our server. Also they never provided fast upload speeds required for our media uploads. Rather than putting all this burden on a single service it's so much better that we have options for faster service at fair rates.
